

Burlington Infant and Nursery School

Online Learning Opportunity Year 1 and 2

Dear Parents

Thank you for everything you have done so far to support your child's learning at home at this challenging time. We would like your child to join the online interactive learning platform Pearson Active Learn Primary. It offers a range of resources to support home learning including access to colour-banded reading books. After the Easter holiday we will also be using Google Classroom. We will send more details on this shortly.

You will need to know your child's LGFL account login. This should be stuck on or in their Reading Record. If you don't have this please email the office and request it at admin@burlingtoni.org.uk.

Login www.activelearnprimary.co.uk

Open with Google chrome and allow pop-ups (this is very important).

Login with the following:

Username: enter your child's lgfl login (excluding .314)

Password: bugclub

School code: rkhk

Your child's teacher will have allocated books for your child to read. These books should be the same or next colour band that your child is reading at school and home. Forgive us if we have not quite remembered the correct colour bands they are on - our notes are at school! Also, some teachers have allocated the colour band below their normal one, until they get used to it and can answer the comprehension questions. Please try to ensure your child reads the books one at a time. On *Bug Club* there are comprehension questions your child needs to answer by clicking on the bugs as they go along. There is a 'Read to Me' option they can use to check the book has been read correctly but please ask your child to read the book independently themselves first. On *Rapid* there are no questions. From time to time your child also might be allocated *Grammar and Spelling Bug*, *Science Bug*, *Abacus Maths* and/or *Wordsmith* exercises. Your teacher will check what your child has completed and allocate new books and exercises once a week. Your child will be awarded points for the work they can do and use them to play games on the site. If you have any problems please get in touch with the office and we will help you as soon as we can.
