

JiT and other Learning Resources are accessible from home via LGfL.

The screenshot shows the LGfL Learning Resources website. At the top, there is a navigation bar with the LGfL logo, a search bar, and links for LondonMail, StaffMail, and a helpline. Below the navigation bar is a main heading "BROWSE BY SUBJECT / KEYSTAGE". A yellow banner prompts users to login for personalized results. The main content area is a grid of resource cards, each with a "NEW" badge and a title. The cards include: Significant People, Multisensory Learning, Busy Things - 2019, Childhood Bereavement, i2e Tool Suite, LGfL TV, Grammar Explained, Maths at home - support for busy parents, ClassVR - Virtual and Augmented Reality, ReadingZone Live, BBC Sound Effects, EAL CPD E Learning Content, Young Interpreter Scheme, FAIRYTALES, Widgit, and EARLY Shakespeare. A footer link is visible at the bottom left.

We really encourage independence in Computing at Burlington from turning the device on, finding and launching the relevant program to closing and switching everything off safely.

Here is an example of instruction prompts we use at school which you could also promote at home.

1. Turn your computer and screen on. 

2. Log on

3. Click on the Internet Icon - Chrome 

4. www.lgfl.net

5. Click on 'Login' 

6. Type in your Username and Password and Enter

7. Type 'jit' in the search bar. 

8. Click on the Icon for JiT 

JiT - j2e Infant Tools  
The EYF5 tools from the makers of the j2e Tool Suite

9. Launch Resource

A useful resource to help children become familiar with the keyboard and the numbers and letters in their name to speed up logging on during computer sessions is the colour coded log-in card which children can colour themselves and take with them to the computer suite.
