

## COVID-19 Update

We would like to inform you that the current advice remains in place that no education or children's social care setting should close in response to a suspected or confirmed COVID-19 case unless advised to do so by Public Health England. We would like to reassure you that we are continuing our efforts to safeguard the school against the spread of infection.

The latest advice from the NHS is that if you have **either a temperature above 37.8 C or a new persistent cough** then you must **stay at home for 7 days**.

This will apply to children and staff in our school. **If your child has a temperature above 37.8 C they must not return to school until 7 days has passed and they are fit and well.**
