

A bubble with a baby inside is floating in the sky:

- Where does it go to?
- Why is there a baby in it?
- What does the baby see?
- How does the baby get out?
- What does the baby do when he/she reaches the rainbow?

Remember to think about these answers when you are writing your story. Please write your name and class on your entry. All entries in by Wednesday 20th November - Thank you ☺
