I would like to go to Saudi Arabia in a
airplane. The weather is very sunny in Saudi Arabia and
it is so hot that it reaches 50 degrees. There are so
many people coming from different parts of the world
to perform their religious activities. Lots of cat
there. The flag looks like a green color outside and
a part of the allan in the middle.

Dear Mummy and Daddy,
Ciao from Italy I flew here
on a big airplane. It went so fast
in the sky.

The weather is sunny and warm. I
saw Tower of Pisa. It looks it
might fall over! I also visited
the Colosseum, a giant old
building where people used to watch
shows.

In Venice, I went on a boat called
a gondola. The streets there
are made of water.

I ate yummy pizza, spaghetti
and ice cream called gelato.
It's so tasty!

I saw the boats and people
sing singing in the street.
Everyone says "Ciao".

I miss you lots and
I love you!

First I held the gummy bear to the window.
After that I pressed the juicy, chewy gummy bear.
It was sticky and gooey.

Then I put the gummy bear in the cup with
the water inside.
I waited 10 seconds inside.

After I put the gummy bear into the water I compared
them, the new one was smaller than the gummy
bear which was in the water.

(Which I put into the water is bigger than the one in
the bag)

When I felt it it felt like orbeez.

Before putting the orange gummy bear in the water, it is chewy. It is like my baby finger size. After 4 days in the water, the gummy bear turns light orange. It is soft and wobbly, like my mummy finger size.

* Ireland *

The national colour of Ireland is green.
~~Ireland~~ Ireland is special to me
because my dad is from there. When
I went to Ireland I went on a gerry.
The weather was cold with
some sunny days. The flag looks
like this.  Animals that you
can see in a farm are in Ireland.
My grandma grew up near an import-
important religious site
called Clonmacnoise, where Pope John
Paul II visited when my Daddy was a
little boy. I went there when I
visited Ireland and learned lots
about the history.
