

**The Magic Tree House by Adhavan in
Jupiter Class**

Where is the magic tree house and how did you find it?

Who lives in the house and what are they like?

What sort of magic does it do? Can you make wishes there?

Who would you visit with and how do you feel when you are up in the air?

Remember to think about these answers when you are writing your story. Entries in by Wednesday 5th February with your name and class. Thank you 😊
