

# Telling the time

## Maths Week 5 Summer 2

Lesson 1 - Making a clock and telling the time to the hour.

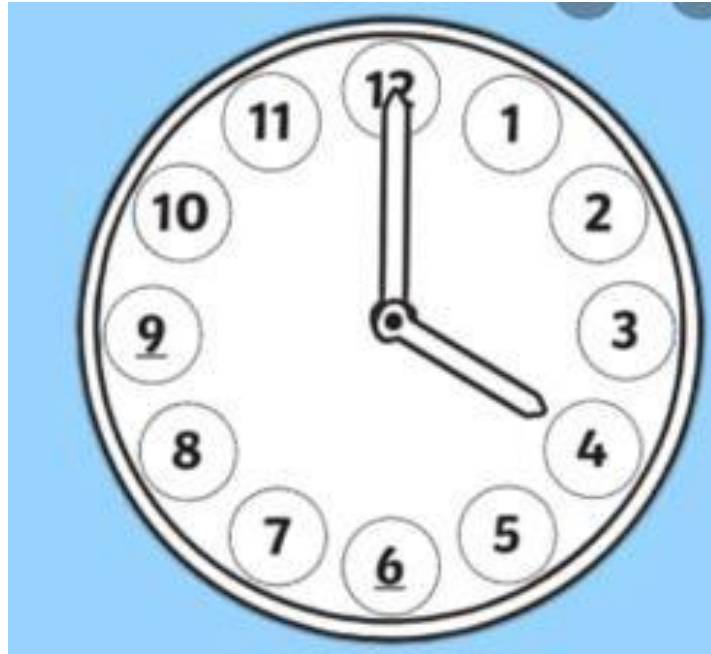

You will need a paper plate, paper or card, scissors and a split pin/paper clip.  
If your child does not come to school please complete worksheet 1 and send us a photo on Google Classroom. Will be done at school if your child comes to school.

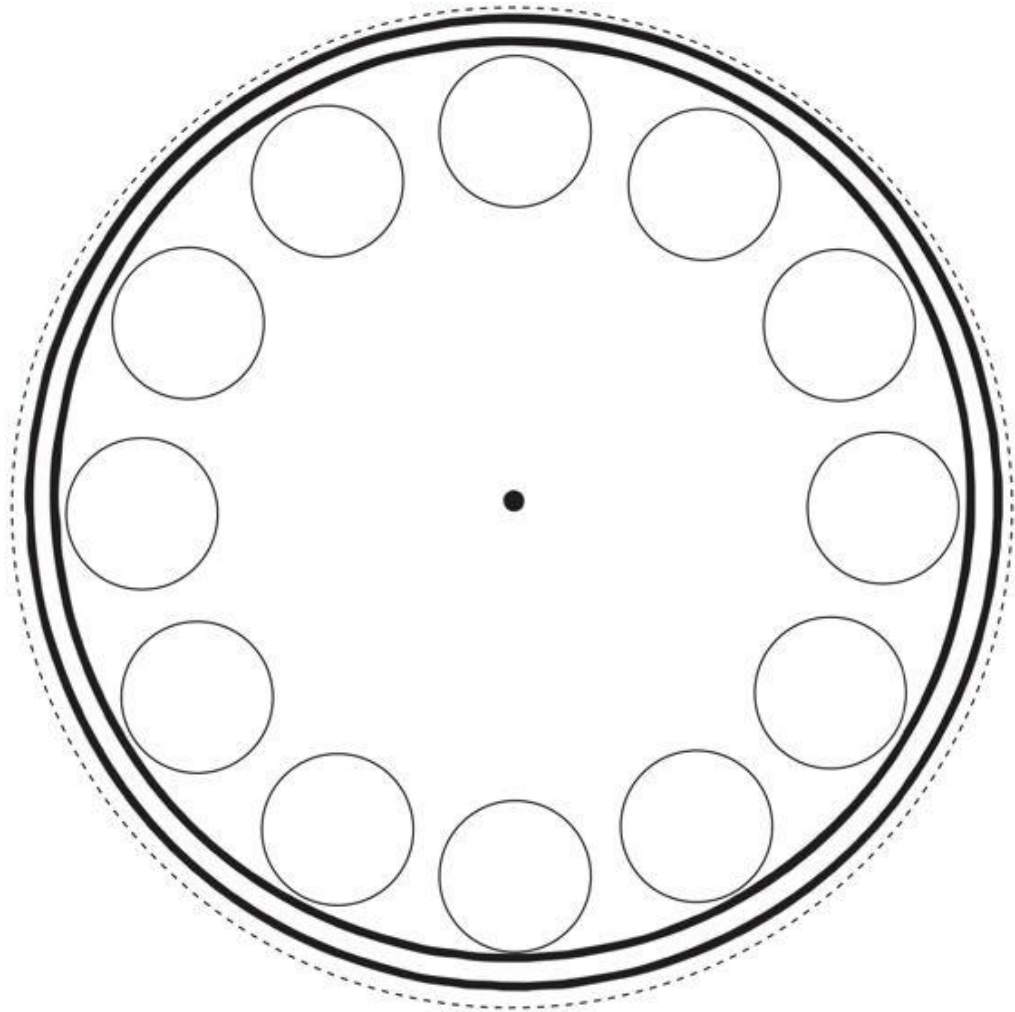

Lesson 2 - Telling the time to half past the hour. Please complete at home if your child does not come to school. Worksheet 2 is optional. Will be completed at school if your child comes to school.

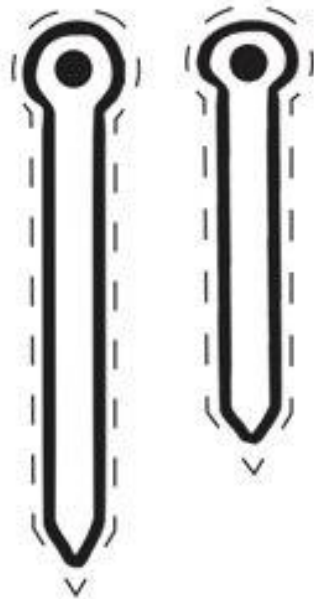

# Lesson 1 : Watch these videos to help you learn how to tell the time.

Can you make your own clock out of card or a paper? You could use the template on the next slides. You will need a split pin or paper clip.

# Hours and Minutes

This is the **hour** hand.

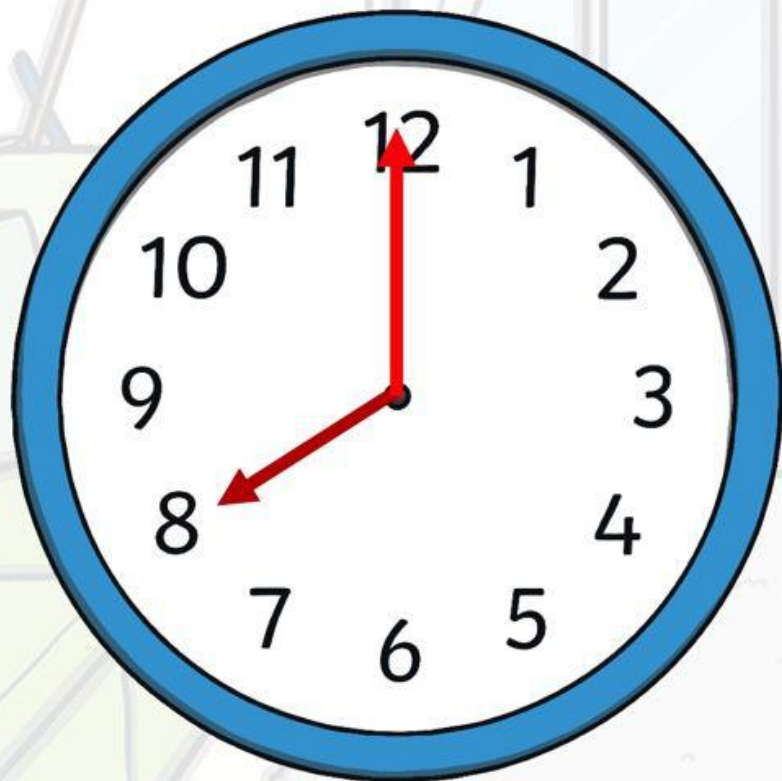

It is the shortest hand on the clock.

This is the **minute** hand.

It is longer than the hour hand.

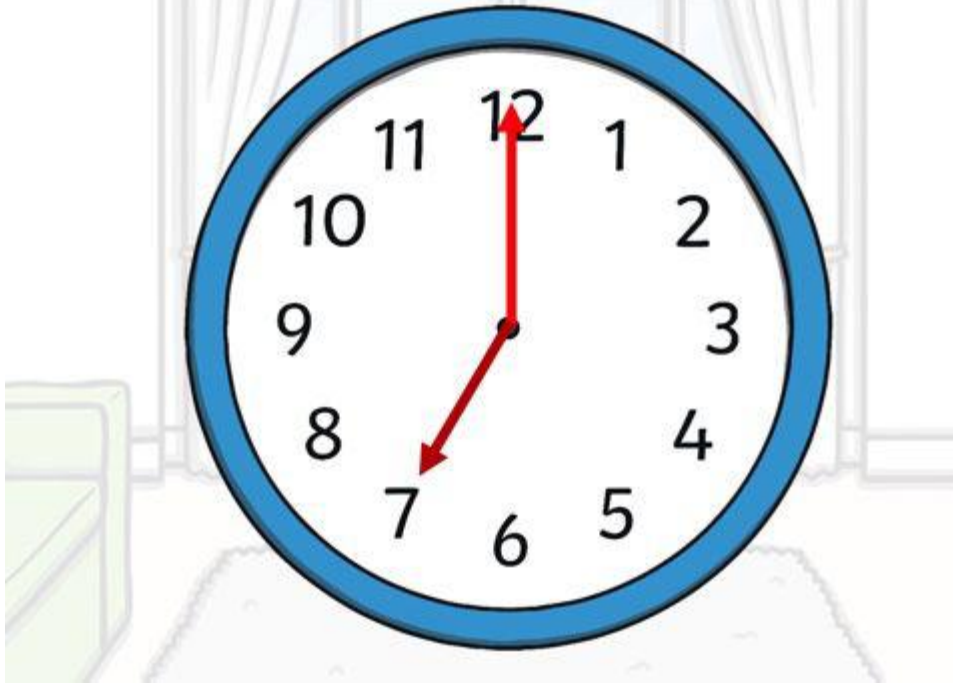

When the minute hand is pointing to 12, it is showing a full hour. We call this time '**o'clock**'.

On this clock, the hour hand is pointing at the 8 and the minute hand is pointing to the 12.

This clock is showing that the time is **8 o'clock**.

# What Time Is It?

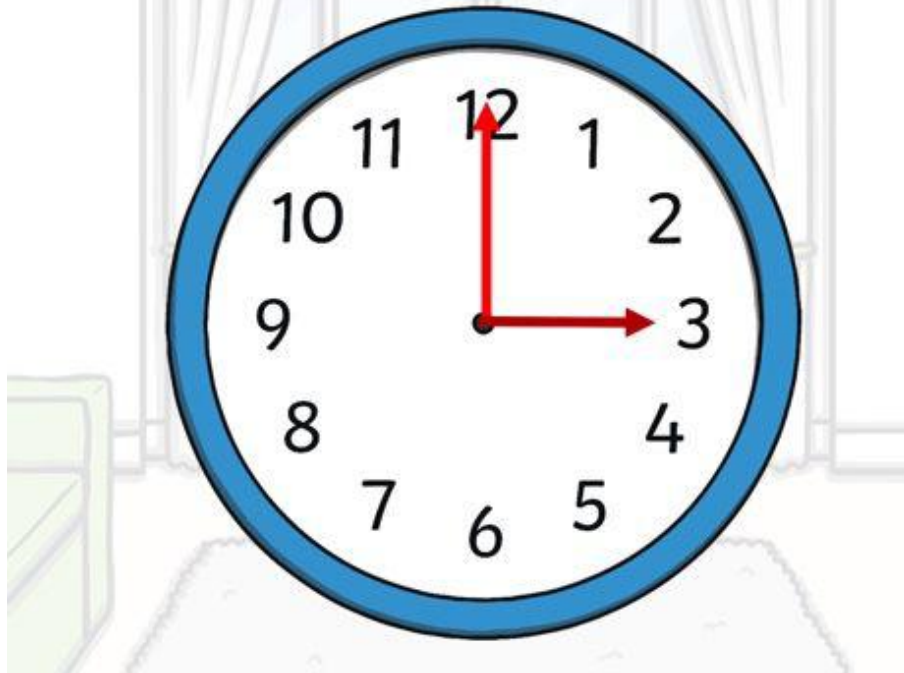

It is 7 o'clock.

I know that because the long hand is pointing at the 12 and the short hand is pointing at the 7.

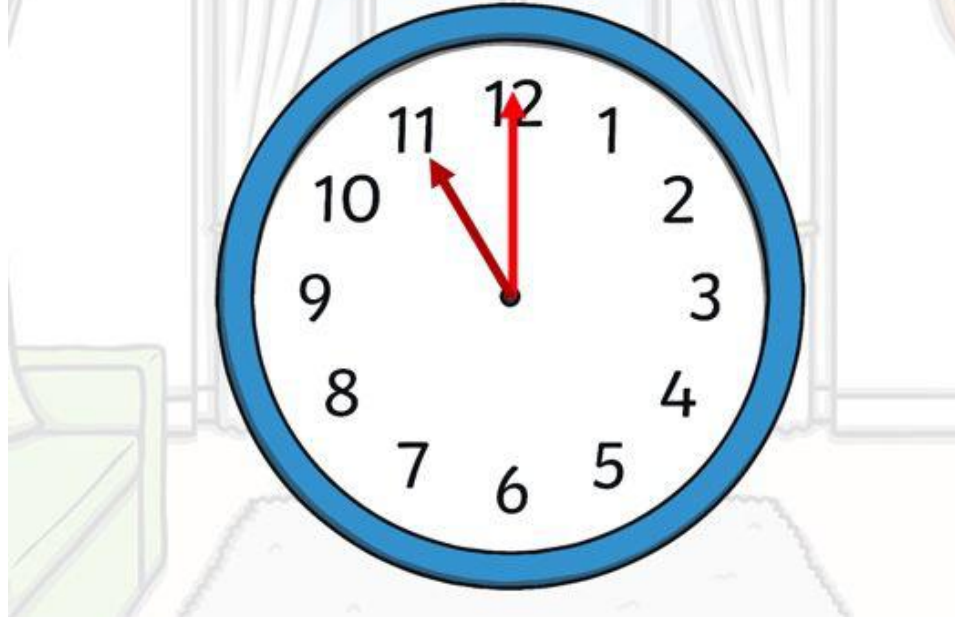

# What Time Is It?

It is 3 o'clock.

I know that because the long hand is pointing at the 12 and the short hand is pointing at the

# What Time Is It?

It is 11 o'clock.

I know that because the long hand is pointing at the 12 and the short hand is pointing at the 11.

# Can you show these times on your clock?

2 o'clock

5 o'clock

10 o'clock

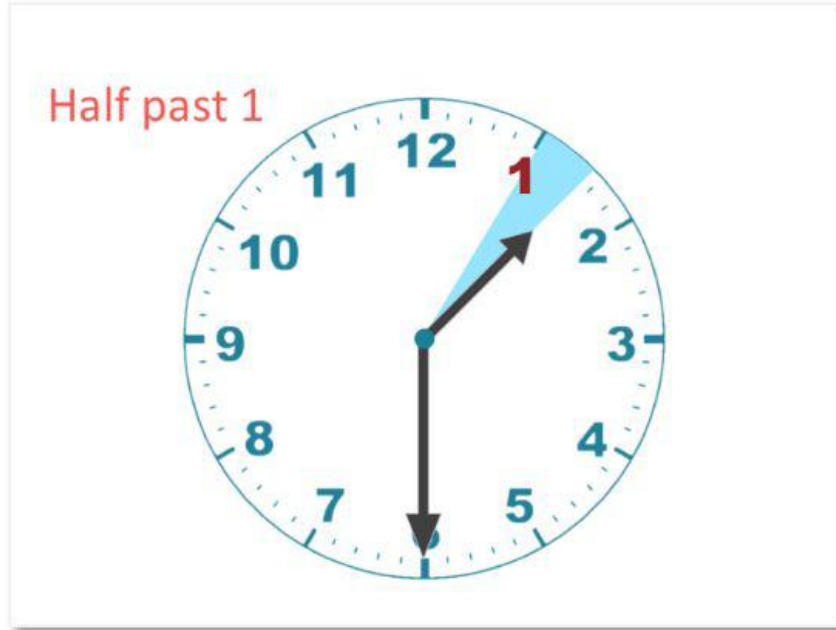

**Now please complete Time lesson 1 worksheet 1. Please send in a photo on google classroom if your child is not attending school.**

# Lesson 2 - Telling the time to half past the hour.

Goes with optional worksheet 2.

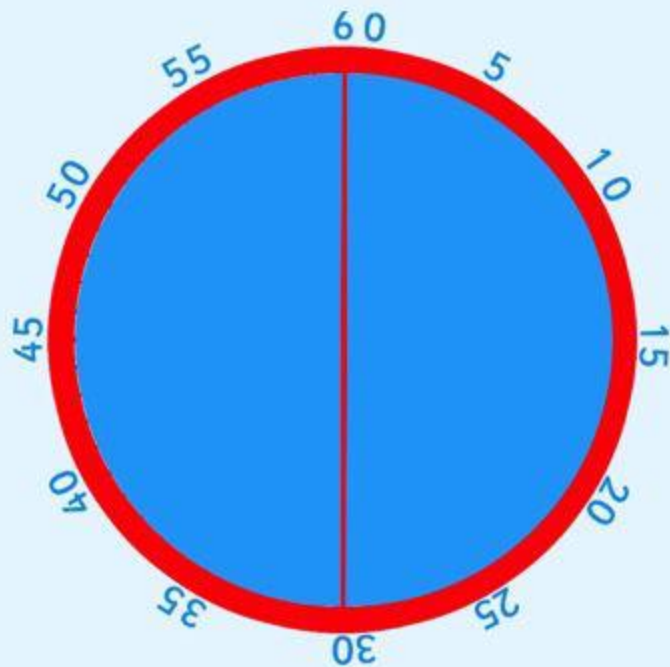

# Lesson 2 : Telling the time to half past the hour

Let's recap! Join in with this video!

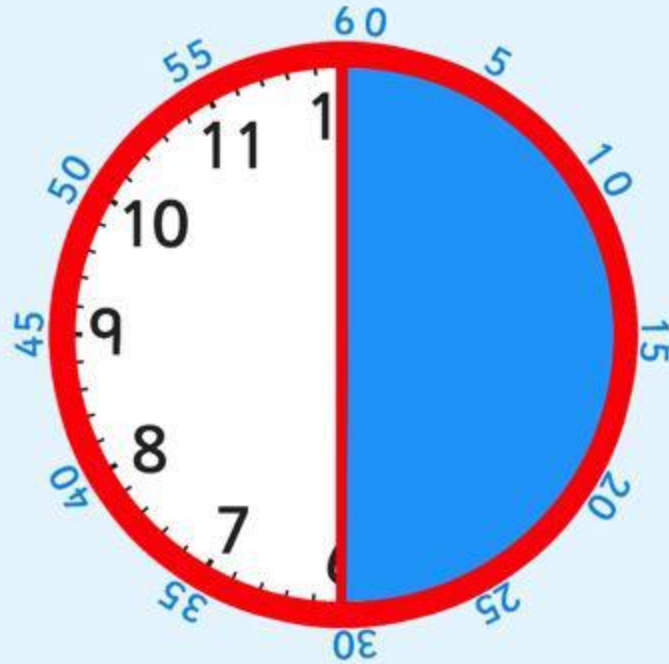

A clock face is a full circle which is made up of 2 halves.

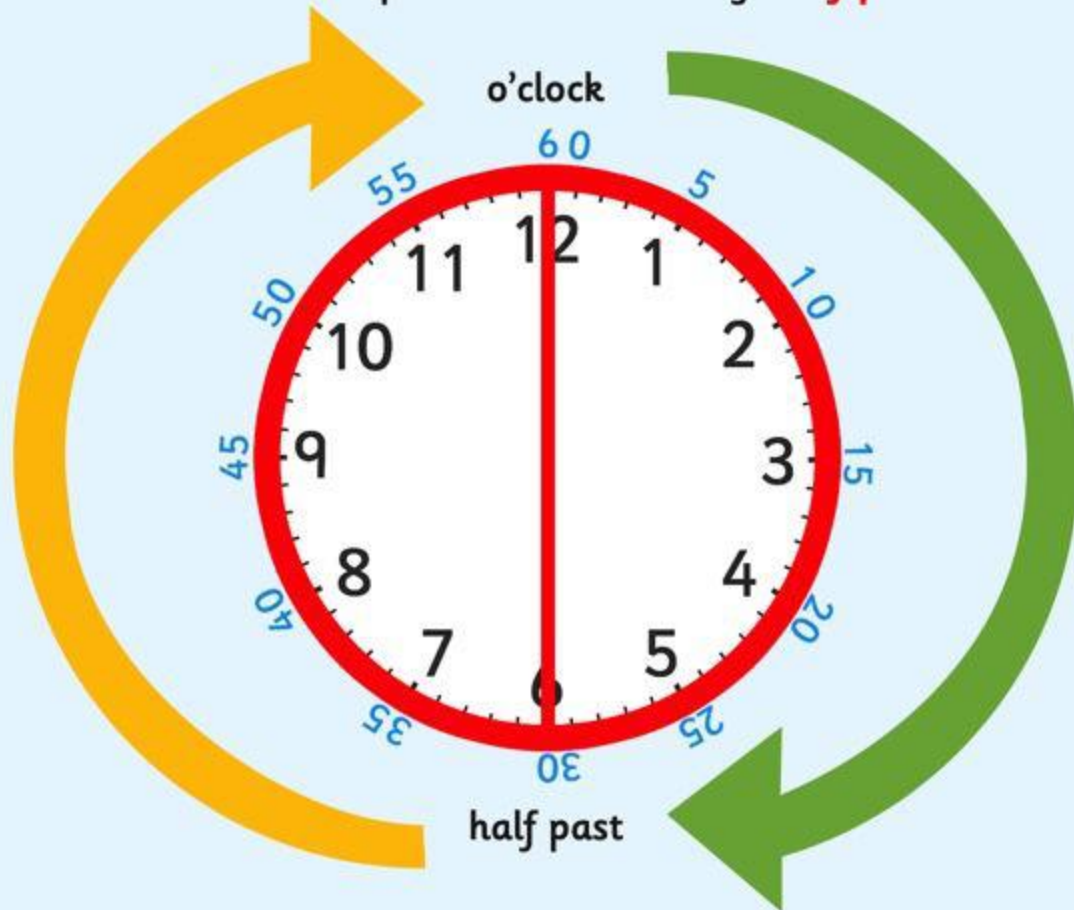

How many minutes make up half of an hour?

There are 30 minutes in half of an hour.

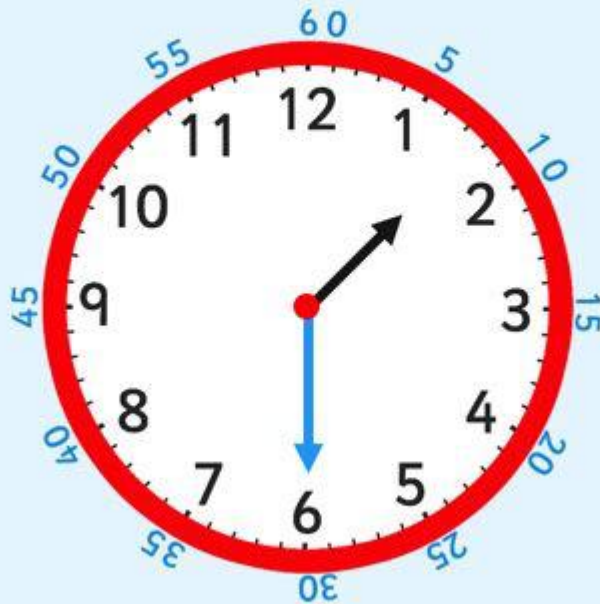

When it is 30 minutes past the hour we say '**half past**' the hour.

Look at this time.  
The big hand is pointing at 6, which is halfway around the clock.  
Where is the small hand pointing? Is it on the number?  
It's half way between 1 and 2.

half past

What time is this clock showing?

Where is the **big hand**  
pointing?

6

half past 11

Where is the **little hand**  
pointing?

halfway between 11  
and 12

half past

Which clock is showing **half past 2**?

Which clock is showing **half past 9**?

Which clock is showing **half past 7**?

Match the times to the clocks.

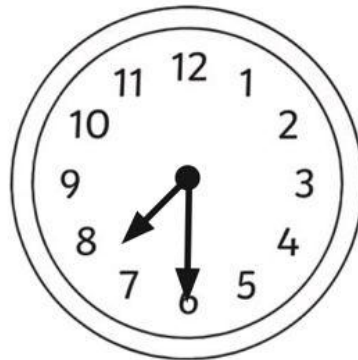

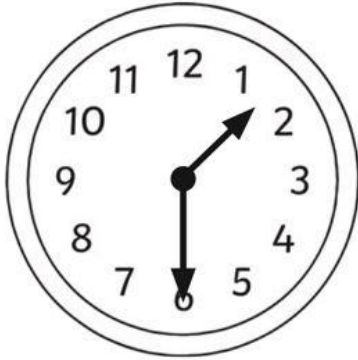

half past 9

half past three

half past 7

half past ten

# What time do these clocks show?

**Now complete optional worksheet 2. This will be done at school if your child comes to school.**
