JULY 2025

## CONGRATULATIONS

**Congratulations to Dawn, Elenore, and the whole team at Kenmore Park Primary School, who were named one of only five national finalists for the prestigious LACA Catering Team of the Year Award 2025.** It is a huge, well-deserved achievement and a testament to their talent, proactiveness and dedication.

### Taken from headteacher's letter:

We wish to express sincere appreciation for the outstanding service provided by the catering team, particularly under the exemplary leadership of Dawn and Elenore.

Since the team took over catering, meal numbers have risen by approximately 30%. Their good sense of humour contributes positively to the dining atmosphere, fostering strong relationships with the whole school.

## NEW MENU FOOD TASTING

Our school communities have continued to provide us with vital feedback and ideas this year, which has been instrumental for our Food Development Team in creating new delicious recipes.

The pupils at Whitefield School played a key part in sampling some newly developed recipes which our Craft Ambassadors have been busy formulating behind the scenes. A particular favourite was the sushi and we look forward to sampling new recipes and bringing more ideas to life for our subsequent menus.

# EAT THEM TO DEFEAT THEM 2025 WAS A HUGE SUCCESS!

2025 marked Nourish's second year partnering with VEGPOWER and ITV to promote the fantastic 'Eat Them to Defeat Them' campaign.

We were blown away by the amazing recipes and displays produced throughout the campaign. Your incredible creations truly captured the spirit of the campaign. Especially well done to Archdeacon Cambridge's, Pinner Park, Kenmore Park, Glebe, Peterhouse, St James the Great, and Lingfield.

**WE WILL MOST DEFINITELY BE PARTNERING WITH VEGPOWER ACROSS ALL PRIMARY SCHOOLS IN 2026! WELL DONE TEAM NOURISH YOU REALLY ARE AMAZING!**

**FOLLOW US ON:**

**YOUR VOICE MATTERS!**

We love hearing from the children and parents in our schools, and their feedback through surveys is invaluable! These insights help us understand what's working well and where we can improve, ensuring we create the best possible learning environment. From small tweaks to big ideas, every suggestion makes a difference.

A huge thank you to everyone who has taken the time to share their thoughts—it's amazing to see the community come together to shape the future of our schools. Keep the ideas coming!
