

PSHE

Week 2

It's nearly time for us to return to school!

We will see our friends,
play together and learn
together!

Parts of lockdown have been hard.

Maybe you have missed celebrating a special day with friends or family.

Maybe you have not been able to see your grandparents as much as you would like.

Maybe working at home has been fun, but maybe it has also been a bit hard.

What parts of lockdown have you enjoyed?

Do you have
any star
moments?

Did you enjoy playing games with your family?

Did you enjoy
learning a new skill?

Did you have fun
spending time with
your favourite pet?

Have you learnt
how to play a new
game or improve
your skills?

Can you think of your star moments of lockdown?

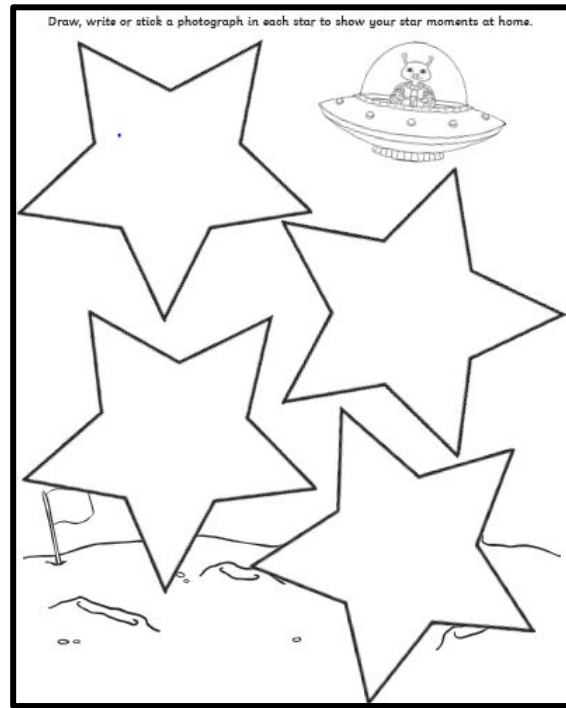

Activity

Create a **star memory** display.

You can draw, write or use photographs to show your best memories during lockdown.

We would love to see your learning so please take a picture of it and put it onto Tapestry or Google Classroom.

We will share these with your classmates when we get back.

Optional recording sheet
