

# Reading at Burlington Infants

## Calling all parents!

## How to get involved!

Come and volunteer to be a reading helper with us and help your child develop a love of reading through the following .....

## Learning to Read

Every week your child will bring home a Library book, a decodable reading book and 'reading for pleasure' book. Please read them with your child at home. Help your child by learning about phonics on the Little Wandle website or come to our phonics parent workshops.

## Mystery Readers

Sign up with your child's class teacher to be a Mystery Reader. Come and read a book to the class of your choice or borrow a book. Your child will be so excited to share your love of reading with their friends.

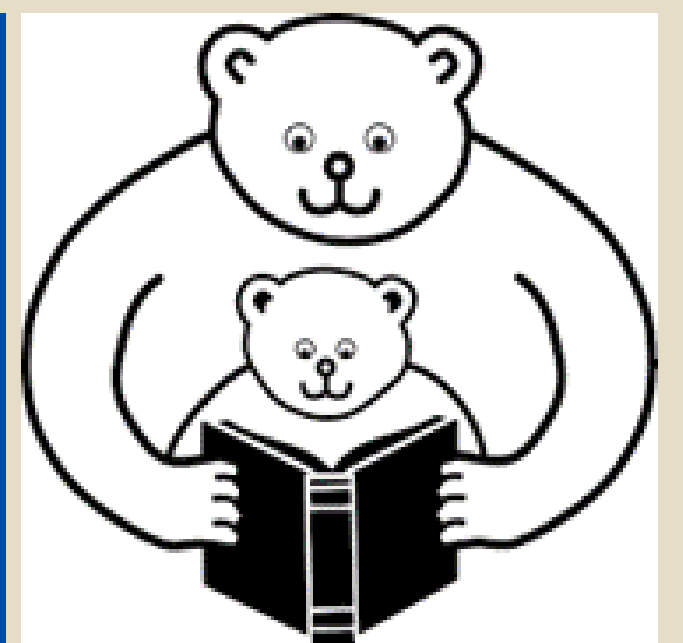

## Little Free Library

Donate, take or borrow a book from the Little Free Library. Your child will love visiting our Tardis and travel to different worlds through a book!

## Start your Day with a Book

Come to the Small Hall on a Monday, Wednesday or Friday before school to share a book with your child. What better way to start the day!

## Reading Tree Challenge

Encourage your child to enter the monthly competition by recommending a special book! Every month there is a different theme. Win a prize for your class to share!
