

Burlington's Science Selfie Challenge

This girl collected leaves and twigs (she said for the outline) from the park after football practice. She got stuck in creating her piece and really enjoyed the process. Well done!

This girl had a wonderful time doing science experiments with her older brother. They had lots of fun trying different experiments using oil and water, baking soda and vinegar, and more! Well done!

This girl enjoyed collecting leaves from the garden to make a picture of a fox because she was in Foxes class last year in reception! Well done!

Theo went for a walk in Stoke Park in Guildford and looked at lots of different flowers. He saw magnolias, daisies, primroses and some very tall orange fiery plants. He also spotted lots of weeds in cracks of pavements as well as moss around the pond. With the leaves he collected, Theo created this Autumn picture. He chose a hedgehog and cut the leaves to make the grass and clouds. Well done!

Rafi made this amazing picture of a train and used the leaves he collected as the windows! Well done Rafi!

For her school homework, this girl explored the shapes, colours, and textures of fallen leaves. Combining scientific observation with creativity, she crafted a clever fox, a cute owl using recycled rolls, and a graceful ballerina with a leaf skirt and crown. Well done!

Miles went to RHS Wisley to find leaves for his picture. He made the leaves into a butterfly in the trees. Miles and his family bought some new plants for the garden and Miles planted them, he also spotted a robin! At the end of the weekend, Miles helped his mummy with the recycling. Well done!

Isla enjoyed doing the science homework and collected leaves on the way home to create this amazing picture of a cat. Well done Isla!

This boy enjoyed doing the science homework last weekend. On the way to the park, he collected some leaves and made a picture of a hedgehog from them. Well done!

Holly made this lovely picture of a hedgehog using leaves she found while on a walk. Well done Holly!

This girl made a hedgehog out of leaves and it looked great, she really enjoyed picking which leaves she would like to use from the garden. Well done!

Finley had great fun doing the science homework and finding all sorts of things to add! What a great lion! Well done Finley!

Faith enjoyed going into the garden to examine and collect different leaves. Her favourite picture she made was "Outsidy the Owl." Well done Faith!

Hansini collected lots of different leaves from outside and made this fantastic picture. What beautiful butterflies! Well done Hansini!

This boy has been helping his dad over the last couple of months planting tomatoes and also helping to water the fig tree and now they have a lovely crop of figs and tomatoes, he loves gardening!

This girl went for a lovely walk and loved looking at all the different trees.
