

Dear Parents/Carers,

We hope you enjoyed taking part in WWF Week. We loved reading your animal acrostic poems and seeing your science experiments! The results for the experiment were interesting and many parents and children commented that they had not predicted that the cotton wool and towels would be the best insulators. We hope you enjoyed taking part in Animal Aerobics last week! Which workout activity was your favourite?

Mr Williams has loved reading your messages to him, especially the joke he was sent in! If you have any more messages or jokes for him, please do send them to us to pass on! This week's story is read by Mrs Yay-Walker. She has been missing seeing the Year 2 children at school and was very excited when we asked her if she would like to post a story to the children.

As usual we have suggested the English and maths piece we would like you to share with us. Please remember you only have to share 1 piece of maths and 1 piece of English work each week. The other learning tasks are optional. When you submit work, please click on 'hand in' so that teachers know to respond to it.

If you need paper copies of the learning pack, email the office on [admin@burlingtoni.org.uk](mailto:admin@burlingtoni.org.uk) and we will arrange to leave a copy for you in the car park on Tuesdays between 12-1pm. You can return completed work at the same time.

Have a great week!

Best wishes,

The Year 2 team

## Year 2 - Summer 2 Week 2

### Optional Timetable

Monday	Tuesday	Wednesday	Thursday	Friday
Daily reading practice 10 minutes	Daily reading practice 10 minutes	Daily reading practice 10 minutes	Daily reading practice 10 minutes	Daily reading practice 10 minutes
PE - Jumping Jacks	PE - Jumping Jacks	PE - Jumping Jacks	PE - Jumping Jacks	PE - Jumping Jacks
Maths lesson 1 10x table	Maths lesson 2 division as sharing	Maths lesson 3 division as grouping	Maths lesson 4 odd and even numbers	Maths lesson 5 multiplication and division game  *suggested piece to be uploaded*
English lesson 1 Spelling Golden Words -ly suffix	English lesson 2 - Read The Lonely Beast, comprehension questions	English lesson 3 - Expanded Noun Phrases, (Plan of re-write)	English lesson 4 - Re-writing part of the story	English lesson 5 - Continue re-write, read over and improve  *suggested piece to be uploaded*
Handwriting - Golden Words	Handwriting - Hard letters	Handwriting - Hard words	Mental Maths  - add and subtract 2 2-digit numbers - add near doubles	Handwriting - Dictation
Science/Art - Parts of a tree Parts of a plant	Art - Lonely Beast activities	Computing	Geography/Music - Mickey sings sea songs!	Science- Deciduous or Evergreen?

### MATHS

Throughout the week we are using a resource from the White Rose Maths Hub. They provide high quality teaching videos which we feel will support the children's learning and also help them to

work more independently. The videos come with designated activity sheets. We have used these in our slides however some parents might wish for their child to complete these. The activity sheets can be printed off however this is optional.

The slides have been prepared and should be viewed as a presentation. The children can record their work in their own way on paper. For some of the activities they may choose to use objects around the house to help them.

### **Maths lesson 1 10 times table**

In this lesson children will revisit and revise the ten times table. They will learn that to multiply by ten means numbers become ten times bigger. They will also practise using the bar model to solve and represent multiplication problems. There is an optional activity sheet.

### **Maths Lesson 2 Division as sharing**

In this lesson the children will revisit and revise that division is sharing a number equally. They will learn what equal and unequal means and how to write division calculations using the division symbol. There is an optional activity sheet.

### **Maths lesson 3 Division as grouping**

Yesterday we looked at sharing in division. Today we are going to look at division as grouping. The children will look at examples with real life objects first, then show this as a division sentence. During this lesson the children will learn to use a number line for division, something we did a bit of at school.

### **Maths lesson 4 Odd and even numbers**

In this lesson the children will recap odd and even numbers. They will use grouping to help recognise when a number is odd or even and then solve problems using what they have learnt about odd and even numbers.

### **Maths lesson 5**

In this lesson we would like the children to create a maths game that helps them to revise multiplication and division facts. There are examples given on the slides for example, there are flashcard games and track games. It would be lovely to see a photograph of the children playing the game they have created.

### **Mental Maths**

- to add and subtract 2 2-digit numbers mentally. To extend children who are ready they could solve problems that require exchanging e.g,  $34 + 57$  and  $54 - 35$
- to quickly add 'near doubles' eg,  $5+6 = 5+5+1 = 11$

## **ENGLISH**

### **Lesson 1: Golden Words and -ly suffix**

Golden Words for this week: money, poor, water, behind, because, only

-ly suffix: The children will recap that sometimes we can just add -ly e.g. quick → quickly and sometimes we have to change the y → i e.g. happy → happily

### **Lesson 2: Reading Comprehension**

The Lonely Beast by Chris Judge

Read through the story and answer the questions on the slides.

### **Lesson 3: Expanded Noun Phrases**

Writing expanded noun phrases to describe the animals The Lonely Beast meets in the sea.

There is sheet for the children to record their expanded noun phrases on.

### **Lesson 4: Write**

Children will use their expanded noun phrases and suffixes to re-write the part of the story when The Lonely Beast walks along the bottom of the sea.

### **Lesson 5: Continue writing, read over, check and improve writing**

#### **\*Suggested piece to be uploaded\***

Children will read through Mrs MacMillan's piece of writing and check it for good mistakes. Then they will read over their own work to check it, and also try to improve it.

### **Handwriting**

<https://www.letterjoin.co.uk/> - activities have been set on the class page.

Fun - Magic Words - Practice the golden words: money, poor, water, behind, because, only

Practice writing tall letters: b, d, h, k, l, t

Practice writing words with tall letters: huge, kept, bap, stars, rest

Resources - Dictation. Sentences / paragraphs.

## **SCIENCE**

This week we will be recapping the structures of trees and plants and be learning about deciduous and evergreen trees.

Key vocabulary: deciduous, evergreen, bark, branch, leaf, root, stem, flowers, fruit

Resources: Google slides - Parts of a Tree & Parts of a Plant, Tree and Plant Vocabulary Labels, Deciduous and Evergreen Google Slides, Leaf Sorting Cards

You can create and label a tree and or/a plant. You can complete this activity in your own way.

You might label a real tree, draw your own or get really crafty - it's up to you! Please see art ideas.

## **ART & DT**

Art/DT can be linked with English and/or Science this week - Please see Google Slides for examples of how you could create an ocean scene or an animal from the ocean, create the Lonely Beast or make a flowering plant or tree.

### **COMPUTING - Options**

Using j2e:

English link - Type your piece of writing about The Lonely Beast in the Sea

Using Busy Things:

Science link - Parts of a Plant, Common Flowers, Parts of a Flower, Parts of a Tree, Common Tree, Deciduous or Evergreen?

### **PE - Options**

It is important to take part in exercise everyday. Below are some websites with daily activities you can do at home:

MOVE CREW - UK:

Active kids MOVE CREW in association with Nike. Check in everyday for the Move Crew's daily mission. <https://ukactivekids.com/movecrew/>

Joe Wicks Kids activities:

<https://www.youtube.com/playlist?list=PLyCLoPd4VxBvPHOpzoEk5onAEbq40g2-k>

Cosmic Kids Yoga:

<https://www.youtube.com/user/CosmicKidsYoga>

### **Mr Johnson's PE Challenge - Jumping Jacks!**

Give this workout a go every morning before you start your home learning, this week it's all about jumps and hops!

**Jumping Jacks:** stretch arms and legs out to the side like a starfish while jumping, return arms to sides and legs to centre on landing

**Tuck Jumps:** bend knees and lift heels high while jumping

**Hurdle Hops:** jump side-to-side or front-to-back over pretend hurdle

**One-Foot Hops:** lift one knee and jump on standing leg; alternate (this is a great balance challenge too!)

**Criss-Cross Feet:** jump straight up, then cross one foot in front of the other; on next jump, switch feet and continue

## **GEOGRAPHY/MUSIC**

Mickey sings sea songs! We are reading lots of positive comments on our *Google Classrooms* about Mrs Williamson's videos. Thank you!

### **Coronavirus book for Children**

Alex Schefflar who illustrates *The Gruffalo* has helped make a book for children about Coronavirus. You can read a download of it on this website.

<https://nosycrow.com/blog/released-today-free-information-book-explaining-coronavirus-children-illustrated-gruffalo-illustrator-axel-schefflar/>
