

Dear Parents and Carers

This is the final week of this half term and we would all like to say a massive thank you to all the children and their grown-ups for working so hard and for producing some amazing pieces of work. Please remember that Friday the 12th is an INSET day and there will be no live sessions planned for that day.

Next week we will continue to have regular live sessions starting at 10am and they will last approximately 15 minutes. Each session will look at the day's learning, discuss expectations of work and include some interactive teaching such as games, puzzles or quizzes. Please see the live session timetable:

Monday	Tuesday	Wednesday	Thursday	
Diamonds Emeralds Rubies Sapphires	Diamonds Emeralds Sapphires	Diamonds Emeralds Rubies	Emeralds Rubies Sapphires	INSET

Unfortunately we are unable to have a live session everyday due to teachers teaching in school.

The suggested timetable below includes a description of each task we have planned for this week's home-learning. The slides provide more detail and explain the learning options. We have highlighted the tasks which are to be uploaded. This week there are 2 for maths, 2 for English and we would like you to choose a topic piece to be shared with us. Please submit work as soon as it is completed. Work can either be uploaded onto Google Classroom or Tapestry. If you submit work on Google Classroom please remember to click on 'hand in' so that we know to respond to it. Assemblies will continue to be posted onto Google Classroom.

If you do require printed packs of the home learning materials please contact the office and they will arrange a time for these to be collected from school.

We hope everybody has an enjoyable and restful half term holiday. We will be ready to begin online learning again from Monday 22nd February. We will upload the work on Friday 12th February. If you do have any questions please contact your class teacher and they will do all they can to help.

All the best

Year 1 team

Monday	Tuesday	Wednesday	Thursday	Friday
English Learn about the solar system and complete a reading quiz. 20 mins	English Watch information videos about the planets. Sort facts under subheadings. 30mins	English Use the information we have learned in lesson 1 and 2 to begin writing a solar system fact book.
