Dear Parents and Carers

Thank you to all the adults and children for your hard work in learning the maths facts for our weekly 'fluency quiz'. This term we are asking the children to become more fluent in solving double and halving facts to 10.

1 + 1 =	6 + 6 =	Half of 2 is __	Half of 12 is __
Double 2 is __	7 + 7 =	Half of 4 is __	Half of 14 is __
3 + 3 =	Double 8 is __	Half of 6 is __	Half of 16 is __
4 + 4 =	9 + 9 =	Half of 8 is __	Half of 18 is __
5 + 5 =	Double 10 is __	Half of 10 is __	Half of 20 is __

Every week the children will be asked to answer a selection of calculations in a time limited 'quiz'. The results of this activity will be sent home so that parents can monitor how well their children are progressing.

Here is an example of the activity children will be asked to complete every week:

Half of 6 is __	__ + __ = 10
1 + 1 =	Double __ is 16
6+ 6 =	Half of 10 is __
Double 2 is __	4 + 4 =
Half of 8 is __	7 + 7 =

Many thanks
Lyndsey Ellis
Maths co-ordinator
