

Dear Parents and Carers

Thank you to all the adults and children for your hard work in learning the maths facts for our weekly 'fluency quiz'. For the next half- term we are asking the children to become more fluent in solving a variety of facts and review some facts we have already learnt. Please keep a copy of this letter at home so that children can continually review their knowledge and develop quick recall of facts.

$15 - 3 =$	$11 - 3 =$	$16 - 3 =$	$17 - 6 =$
$10 + 6 =$	$13 - 3 =$	half of 8 is ____	$18 - 4 =$
double 9 is ____	$15 - 2 =$	$16 - 2 =$	$14 + 4 =$
$13 - 2 =$	$13 + 5$	$12 - 3 =$	half of 18 is ____
$17 + 3 =$	6 doubled is ____	double 7 is ____	$18 - 2 =$

Every week the children will be asked to answer a selection of calculations in a time limited 'quiz'. The results of this activity will be sent home so that parents can monitor how well their children are progressing.

Here is an example of the activity children will be asked to complete every week:

$13 - 3 =$
$15 - 2 =$
$13 + 5$
$13 - 3 =$
$15 - 2 =$
$13 + 5 = \text{double } \underline{\hspace{2cm}}$

Many thanks
Lyndsey Ellis
Maths co-ordinator
