

Year 1 Week 1 Summer Term 2 - commencing 1st June 2020

Learning Overview - WWF Week

We hope you had a nice half term. This week is a bit different as some children are coming back to school and will do some of their learning with their teachers whilst some children are still staying at home. We have planned the same learning for both groups but, if your child is in school, please note from the table below which lessons will be covered there and which we are inviting you to carry on with at home on your child's home days. We appreciate your continued support as we transition to this new arrangement and aim to ensure it works for all our families. Please be aware that we will not always be able to respond to google classroom as quickly as usual because we will be teaching at school during the day.

As before, if you need printed copies of anything please let us know and we can arrange for them to be picked up in the car park. If you want to print our slides you can change them to PDFs and print more slides per page to save paper. Please remember you do not have to do **all** the work. Although there are lots of fun activities this week we would love to see as a minimum the maths quiz and the poster we are making in our English lessons (please photograph these on your phone or tablet and submit on google classroom).

Week 1	Children who come to school on a Mon/Tues (Tues only this week)	Children who come to school on a Wed/Thurs	Children not coming to school
Work to do at home	<ul style="list-style-type: none"> • Maths lesson 2,3,4 • English 2 • Reading on Bug Club • Common Exception words spelling • Grammar (because) • Art • ICT 	<ul style="list-style-type: none"> • Maths 3 & 4 • Reading on Bug Club • Grammar (because) • Art • ICT 	<ul style="list-style-type: none"> • Maths 1,2,3,4 • English 1 & 2 • Reading on Bug Club • Handwriting • Common Exception words spelling • Phonics (ur,ir, er) • Grammar (because) • Art • PE • ICT • Science

English - WWF week poster (2 lessons)

This week is WWF (World Wide Fund for nature) week at school. In English we learn about the WWF and their important work. This year we are learning about hawksbill turtles and why they are endangered. There are two videos; one of Mrs Ridley reading 'Somebody Swallowed Stanley' - a cautionary tale about plastic pollution, and one of Mrs Davies reading 'One Tiny Turtle' which gives lots of turtle facts. In Lesson 2 children can then make their own posters to encourage people to save the turtles or reduce plastic pollution.

Mon/Tues children will receive the first lesson at school and then can view lesson 2 and make their posters at home. **Weds/Thurs children will have both lessons at school.**

Home learning children should do both lessons at home. Please share posters made at home with us on google classroom.

Maths (4 lessons)

This week we will be teaching 2 lessons at school, and sending 2 lessons home for home learning. If your child is on the Monday/Tuesday rota then they will only complete lesson 1 in class this week due to the INSET day, the remainder should be completed at home. If you are staying at home, please complete all the lessons at home.

Lesson 1 (**Taught in School if coming in**) - Maths quiz

Lesson 2 (**Only taught in School if you are in Wednesday/Thursday**) - mental maths (recap measure, counting in 2s, 5s, 10s and quick mental maths)

Lesson 3 (Home) - recap shape (If you are staying home this week, please send your shape picture in through Google Classroom. If you are coming into school there is no need to send any work in.)

Lesson 4 (Home) - recap place value

PSHE - Welcome Back (1 lesson)

As we welcome children back to school, we will begin with a PSHE lesson that discusses changes at school and how we will keep safe. We have included it here as it has a lovely video at the end (last slide - <https://www.youtube.com/watch?v=2PnnFrPaRgY>) which has lots of suggestions about how to stay in touch with family and friends whilst we can't hug.

For all children returning to school this lesson will be delivered at school.

Science (1 lesson)

This week in science we will be discussing what is needed for animals to survive, after some discussion we will be watching some videos to give some more information on what the essential things are for animals to survive. There is then an online quiz to try (link to bbc bitesize on slides). Following that there will be further discussion considering what might happen if any of these survival essentials were destroyed.

Art - WildArt 2020 (1 lesson)

This week we will start looking at an art competition called WildArt 2020, this competition is being held by the RSPB, links to the full details of the competition will be on the slides.

Slides include information about the charity and the competition as well as some ideas about the animals and their habitats that could be the focus of the art and also the materials that the children might like to use.

Music (1 lesson)

Join in with Mrs Williamson and her family for this week's music lesson.

Handwriting, Reading, Phonics, Spelling and Grammar (5 lessons)

1. Reading: Books on Bug Club
2. Handwriting: tall letters
3. Spelling: starting the Year 2 common exception words.
4. Phonics: revising using the alternative spellings for the 'er' phoneme
5. Grammar: learning how to the conjunction 'because'

We would like to see that you have been Reading and playing the conjunction sentence game on Active Learn Primary please. We can check this by logging on ourselves. Resources needed - paper, pencil and your letterjoin and Active Learn Primary logins.

Whole Class Guided Reading (1 lesson)

Watch Mrs Davies read '10 things I can do to help my world'

PE

Optional -MOVE CREW - UK active kids MOVE CREW in association with Nike. Check in daily for the Move Crew's daily mission. <https://ukactivekids.com/movecrew/>

Joe Wicks Kids <https://www.youtube.com/playlist?list=PLyCLoPd4VxBvPHOpzoFk5onAFbq40g2-k>

Cosmic Kids Yoga: <https://www.cosmickids.com>

Do the Mr Wood PE Challenge: How many push ups can you do in 20 seconds? Mr Wood could manage 22 . Can you beat his record?

Well done to the children who beat Mrs. Moon's star jump challenge last week and Mrs Ridley's tree pose challenge the week before!

ICT

Optional - Go to J2e or Busy Things and explore!
Make your poster on J2E!

We appreciate the return of some children to school makes this more complex and we have tried to outline this week's learning as clearly as possible. We have copied this week's school timetables below which may be helpful.

Thank you for all your support with home-learning and we look forward to welcoming those children returning back to school.
