

**Year 1 Week 5 Summer Term - commencing
18th May 2020
Home Learning Overview
Around the World Week**

Dear Year 1

Thank you for all the photos and videos you have sent us this week, especially your Imaginary Bears. They were amazing! Well done for using Active Learn Primary so much too and reading on Bug Club. Great job everyone.

If you need printed copies of anything please let us know and we can arrange for them to be picked up in the car park on Tuesday lunchtimes. If you want to print our slides you can change them to PDFs and print more slides per page to save paper.

Please remember you do not have to do **all** the work. Although there are lots of fun activities this week we would love to see as a minimum please send us a photo of you **qu**artering in maths and for us to see you reading and playing the Sentence Games on 'Bug Club'.

English - Around the World week quiz

This week should have been 'Around the World' week at school where we pick a country for our class and learn all about it. We do lots of fun activities such as cooking, dancing and making crafts from that country. We would like you to choose a country, maybe somewhere special for your family, where you have come from, been on holiday to or somewhere you are interested in! Your teachers have made up a quiz about their chosen country - have fun watching the videos! We would like you to send us a photo of you making some traditional food or craft from your country or make us a quiz about it and send us it to see if we can answer the questions!

Topic - Bear Quiz

This is our final week on the Bears topic. We review the bears we have already learned about and there is an optional activity to make a Bear Top Trumps game or a poster. On google classroom you will also find a short, multiple-choice quiz, that we would like the children to complete. There is a BBC programme to watch called 'Meet the Bears' and Mrs Davies reads you a story about a Koala. Is a Koala a Bear?

Outdoor Learning Day

This week we would like to ask you to go on a short walk in your local area. While on your walk you can make notes of what you can see. We are asking children to use their notes to draw a map, using a key, and challenging them to use a compass.

Handwriting, Reading, Phonics, Spelling and Grammar

1. Reading: Books on Bug Club
2. Handwriting: writing tongue twisters from Letterjoin for your family to do!
3. Spelling: revisit all the Year 1 tricky words and notice spelling patterns.
4. Phonics: revising using the alternative spellings for the 'or' phoneme
5. Grammar: learning how to use question marks. This will be helpful for writing your quiz.

We would like to see that you have been Reading and playing the sentence game on Active Learn Primary please. We can check this by logging on ourselves.

Resources needed - paper, pencil and your letterjoin and Active Learn Primary logins.

Maths

This week in maths we are moving on from last week's halving and will be looking at quartering both shapes and numbers. There are lots of small optional tasks where you can have fun drawing lines over shapes to try and cut them into quarters or you could even draw your own shapes and ask an adult to help you cut them. We would also love to see your challenges of quartering numbers. This is in lesson 3 where you will discover an easy way to quarter numbers. For this challenge you could use counters or any small toys or you can simply draw the counters on like we have on the slides. It is up to you!

After that there are some more fun problem solving challenges to look at and some quick mental maths addition and subtraction questions. Enjoy!

Resources needed - pencil, paper, colouring pencils, scissors (optional) counters/small toys (optional)

Music

Mrs Williamson our school music teacher has made new fun videos with her family for you to join in with at home!

PE

Optional -MOVE CREW - UK active kids MOVE CREW in association with Nike. Check in daily for the Move Crew's daily mission.

<https://ukactivekids.com/movecrew/>

Joe Wicks Kids <https://www.youtube.com/playlist?list=PLyCLOpd4VxBvPHOpzoEk5onAFbq40g2-k>

Cosmic Kids Yoga: <https://www.cosmickids.com>

Do the Mrs Moon PE Challenge: How many star jumps can you do in 1 minute? Mrs Moon could manage 62. Can you beat her record?

Well done to the children who beat Mrs. Ridley's tree pose challenge last week and Mrs Davies's plank challenge the week before!

ICT

Optional - Go to J2e or Busy Things and explore!

Playful Nature Thursday 21st May

Each year our school takes part in 'Outdoor Classroom Day' which inspires and celebrates outdoor play and learning. In response to the coronavirus crisis, they have launched 'Playful Nature' instead, inviting everyone to celebrate their connection to the natural world by dressing up in nature on Thursday 21st May! Here are a few ideas for inspiration

- make a nature crown out of leaves, cardboard or twigs
- use a cardboard box and paints to make beautiful butterfly wings
- turn yourself into your favourite animal with a simple mask
- are you a fan of the sun? Brighten up someone's day by dressing in yellow.

If it's possible or you have the space, children could spend time playing outdoors in their creation on the day. Or they could dress up for their daily walk to make people smile. Whatever you do, please share it with us and we may include it in the weekly school newsletter. There are more ideas on the Playful Nature page of your google classroom.!
